a new york times book review notable book of the year a washington post best book of the year a businessweek best
business book of the year a chicago tribune best book of the year in this brilliant essential book pulitzer prize winning
author thomas l friedman speaks to america s urgent need for national renewal and explains how a green revolution can
bring about both a sustainable environment and a sustainable america friedman explains how global warming rapidly
growing populations and the expansion of the world s middle class through globalization have produced a dangerously
unstable planet one that is hot flat and crowded in this release 2 0 edition he also shows how the very habits that led us to
ravage the natural world led to the meltdown of the financial markets and the great recession the challenge of a
sustainable way of life presents the united states with an opportunity not only to rebuild its economy but to lead the world
in radically innovating toward cleaner energy and it could inspire americans to something we haven t seen in a long time
nation building in america by summoning the intelligence creativity and concern for the common good that are our
greatest national resources hot flat and crowded 2 0 is classic thomas l friedman fearless incisive forward looking and rich
in surprising common sense about the challenge and the promise of the future

proposes an ambitious national strategy to address key issues in climate change and energy shortages identifying the
factors that have contributed to current circumstances while outlining an american led revolution of clean technology

solutions current affairs

thomas l friedman s no 1 bestseller the world is flat has helped millions of readers to see globalization in a new way now friedman brings a fresh outlook to the crises of destabilizing climate change and rising competition for energy both of which could poison our world if we do not act quickly and collectively his argument speaks to all who are concerned about the state of the world in the global future friedman proposes that an ambitious national strategy which he calls geo greenism is not only what we need to save the planet from overheating it is what we need to make us all healthier richer more innovative more productive and more secure as in the world is flat he explains a new era the energy climate era through an illuminating account of recent events he sets out the clean technology breakthroughs the world will need he shows that the et energy technology revolution will be both transformative and disruptive and he explains why america must lead this revolution with the first green president and a green new deal spurred by the greenest generation hot flat and crowded is classic thomas l friedman fearless incisive forward looking and rich in surprising common sense about the world we live in today

my hope is that managers will read business books a bit more critically free from delusions their deepest fantasies and fondest hopes tempered by a bit of realism phil rosenzweig the halo effect book jacket

prepare yourselves for the coming cyber revolution over time humankind has transformed from hunter gatherer to farmer from farmer to industrial worker and from industrial worker to service provider now we are on the cusp of a fourth transformative wave spurred by climate change exponential population growth and our ever increasing reliance on

technology this copernicus book follows the stream of changes we will likely experience over the next few decades these will involve the design and planning of smart cities and vital new mega cities as well as the use of sophisticated artificial intelligence and knowledge systems in our professional and everyday lives the book shows how the nature of work economics taxation social intercourse and a slew of other global human endeavors will almost certainly undergo fundamental shifts during this time despite the many crises the world is gearing up to face this book is not all doom and gloom it is a call to action a guide to how we might harness novel technologies in space and cyberspace to address our most urgent needs

the application of digital information and communication technologies icts to reform governmental structures and public service is widely and perhaps naively viewed as the 21st century savior the enlightened way to reinvigorate democracy reduce costs and improve the quality of public services this book examines the transition from e government to digital governance in light of the financial exigencies and political controversies facing many governments the chapters concentrate on strategies for public sector organizational transformation and policies for improved and measurable government performance in the current contentious political environment this fully updated second edition of digital governance provides strategies for public officials to apply advanced technologies manage remote workforces measure performance and improve service delivery in current crisis driven administrative and political environments the full implementation of advanced digital governance requires fundamental changes in the relationship between citizens and their governments using icts as catalysts for political as well as administrative communication this entails attitudinal and behavioral changes secure networks and less dependence on formal bureaucratic structures covered in part i of this book

transformation of administrative educational and security systems to manage public services in a more citizen centric way covered in part ii the integration of advanced digital technologies with remote broadband wireless internet services part iii and the creation of new forms of global interactive citizenship and self governance covered in part iv author michael e milakovich offers recommendations for further improvement and civic actions to stimulate important instruments of governance and public administration this book is required reading for political science public administration and public policy courses as well as federal state and local government officials

a salve for our current reactionary times andrew hartman the gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever from the streets of petrograd during the heady autumn of 1917 to mao s stunning victory in october 1949 and fidel s triumphant arrival in havana in january 1959 the history of the twentieth century was transformed in dramatic and profound ways by the russian chinese and cuban revolutions in three revolutions the stories of these epoch defining events are told together for the first time at the heart of each revolution was an epic journey lenin s 1917 return to russia from exile in switzerland mao s long march of 1934 35 covering some 6 000 miles across china and fidel castro s return to cuba in 1956 following his exile in mexico told in tandem with these are the corresponding journeys of three extraordinary journalists john reed edgar snow and herbert l matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world here in simon hall s masterful retelling these six remarkable journeys are brought vividly to life featuring a stellar cast extraordinary drama and an epic sweep three revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency

today

the grotesque modernist body explores how and why modernist authors drew on the traditions of the grotesque body in order to represent modern reality accurately the author employs the concept of the grotesque body as a theoretical framework with which to examine rigorously a range of modernist novels poems and visual media by conrad lewis eliot and barnes alongside their historical contexts and theories of humour and horror this monograph challenges the prevailing narrative of modernism s abstract psychological and impersonal inward turn by tracing its mechanical animal hybrid bodies back to the medieval carnival satire of rabelais the gothic horror of the long nineteenth century from hoffmann shelley and poe to h g wells and henry james and the uncanny dreamlike art of goya and rousseau
